

PERFUME INFORMATION & CARE GUIDE

Thank you for choosing a handcrafted fragrance.

Each perfume is blended in small batches using ingredients sourced exclusively from suppliers operating under IFRA (International Fragrance Association) safety standards.

COMPOSITION

- Botanical alcohol base (Alcohol Denat.)
- Plant-derived softening agent (Propanediol)
- Gentle aroma carrier (Dipropylene Glycol)
- Natural essential oils, aromatic extracts, fragrance oils (diluted to 15%)

OIL FORMULAS:

- Batches made up to July 2025: diluted in organic, refined almond oil.
- Batches from August 2025 onward: diluted in cold-pressed, refined jojoba (*Simmondsia chinensis*) seed oil.

This product contains natural ingredients and is handcrafted in a studio where almond oil is present.

All equipment is sanitized between batches, but trace amounts may remain.

PACKAGING RETURN PROGRAM

Could you help us reduce waste? Return your empty alcohol perfume bottle, fabric sleeve bag, paper box with your next purchase and receive CAD \$10 off as a thank-you.

BEST BEFORE : 12 MONTHS FROM THE FABRICATION DATE. LOOK FOR THE "MFG" LABEL ON YOUR PACKAGING.

⚠️ IMPORTANT SAFETY & ALLERGY INFORMATION

- For external use only.
- This product has been tested on various skin types, but everyone is unique.
- Please perform a patch test before regular use.

If irritation, redness, headache, nausea, or any adverse reaction occurs:

- Discontinue use immediately and consult a healthcare professional if symptoms persist.
- Avoid eyes, mouth, broken skin, and direct inhalation.
- Rinse thoroughly with water if contact occurs.
- Consult your doctor before use if you:
 - have allergies or sensitive skin
 - are pregnant or breastfeeding
 - have medical conditions
- The maker is not responsible for individual reactions, as sensitivities vary from person to person.

How to Use

- Apply one spray or one roll-on pass to:
 - wrist
 - inner arms
 - or clothing (test first on delicate fabrics).
- Allow the fragrance to settle into the skin's natural warmth.
- Store in a cool, dry, dark/ shaded place to preserve the scent.
